Platinum Euro Features and Benefits:

New for old – we will replace your car with a brand new model of the same make and specification (or nearest equivalent) if it is written off while less than **three years** old from date of first registration and has travelled less than 45,000kms. This is a significant benefit considering the depreciation of new cars.

Genuine parts – the integrity and value of your investment is protected by our commitment to use genuine manufacturers' parts, whilst upholding the warranty.

No-claim bonus protected for life – if you have been claim-free with Platinum, or another insurer, for five years, you will be rewarded with a no-claim bonus for life, regardless of future claims.

Agreed value – second-hand vehicles are covered for the purchase cost for 12 months.

Third party cover of \$10million – ample cover for property damage and bodily injury to third parties.

Both private and business use – you will receive seamless cover for private and business use.

Classic cover – Option for vehicles older than 25 years, includes agreed value, spare parts in storage, and specified mileage.
